5th Annual Yale Comprehensive Heart Failure Symposium

Friday, October 20, 2017

Dolce Norwalk Conference Center
32 Weed Ave, Norwalk, CT
This course will enable participants to:

- Identify critical heart failure turning points among patients with Adult Congenital Heart Disease
- Discuss unipolar and bipolar atrial fibrillation
- Compare approaches to develop disease management for heart failure
- Recognize how to treat heart failure patients with kidney disease
- Discuss updates on novel heart failure therapies and trials
- Compare approaches to develop disease management for heart failure
- Identify how to select patients for advanced heart failure therapies

This workshop is intended for any healthcare professional who:

- Requires operating specific MCS devices
- Needs to confirm proficiency of operation of specific MCS devices

**Objectives:**

- Investigation of LV AD patients (ECHO, Radiology: CT/imaging, etc.)
- Wants to boost their functional knowledge on MCS problem solving
- Confirm proficiency of operation of specific MCS devices

**Target Audience:**

- Individuals who are familiar with LV AD and Heart Transplant
- Requires operating specific MCS devices
- Needs to confirm proficiency of operation of specific MCS devices

This workshop is designed to meet the Joint Commission’s "Goals of Adult Congenital Competencies" for 2022.

**Praom Bende MD, FAC" Cardiomyopathy Program
- Director, Cardiomyopathy Program
- Director, Comprehensive Heart Failure Program

**Daniel L. Jacoby MD**
- Assistant Professor of Pediatrics
- Co-Director of Adult Congenital Fellowship Program
- Assistant Professor of Medicine (Cardiology)

**Jeffrey M. Testani MD, MTR**
- Director, Heart Failure Population Health
- Lead Coordinator, Comprehensive Heart Failure Program
- APRN
- Interim Section Chief of Cardiac Surgery
- Associate Professor of Surgery

**Arnar Geirsson MD, FACS, FAHA**
- Assistant Professor of Medicine
- Assistant Professor of Pediatrics
- Director, Cardiomyopathy Program
- Director, Comprehensive Heart Failure Program

**John K. Forrest MD, FACC, FSCAI**
- Co-Director of Adult Congenital Cardiology
- Associate Professor of Pediatrics
- Associate Professor of Medicine (Cardiology)
- Assistant Professor of Internal Medicine

**Symposium Schedule**

7:00 AM — 7:30 AM
- Hands-On Competency Workshop
  (Please see side panel, on the right, for workshop description)

8:00 AM — 8:30 AM
- Registration and Continental Breakfast

8:30 AM — 9:15 AM
- Opening Remarks and Introductions

9:15 AM — 9:25 AM
- Program Update

9:25 AM — 10:10 AM
- Debate I: Making HF Easy When It’s Not Easy
  Daniel L. Jacoby MD vs Richard J. Soumer Jr, MD

10:10 AM — 10:30 AM
- Lunch (Sponsored Novartis Program)

10:30 AM — 11:15 AM
- Debate II: Should I Fix It and How? MitralClip vs Mitral Valve Repair
  Daniel L. Jacoby MD vs Nihar Desai MD

11:15 AM — 12:00 PM
- Program Update

12:00 PM — 1:15 PM
- Program Update

1:15 PM — 2:30 PM
- Irregularly Irregular: Cutting Edge AFIB Treatment in Heart Failure
  Pramod Bonde MD, FAC" vs. Mitral Valve Repair
  Arnar Geirsson MD, FACS and Michael Chen MD

2:30 PM — 3:15 PM
- Should I Fix It and How? MitraClip vs Mitral Valve Repair
  John E. Fermig MD, FAC" vs. MitraGenesis MD, FACS. FAC" vs. MitraGenesis MD, FACS. FAC"

3:15 PM — 3:30 PM
- Refreshment Break

3:30 PM — 4:15 PM
- Debate III: LV AD and Heart Transplant
  Tariq Ahmad MD, MPH vs Nihar Desai MD

4:15 PM — 5:00 PM
- Program Update

5:00 PM — 6:45 PM
- Should I Fix It and How? MitraClip vs Mitral Valve Repair
  John E. Fermig MD, FAC" vs. MitraGenesis MD, FACS. FAC" vs. MitraGenesis MD, FACS. FAC"

6:45 PM — 7:45 PM
- Adjourn

**General Objectives:**

- To discuss the clinical aspects of heart failure with special emphasis on treatment strategies
- To review the latest advances in heart failure therapy
- To discuss the role of mechanical circulatory support in heart failure management

**ACCP Endorsed Program:**

- This program is endorsed by the American College of Cardiology (ACCP)

**Learning Objectives:**

1. Identify the need for mechanical circulatory support in heart failure
2. Discuss the role of mechanical circulatory support in heart failure management
3. Review cases that illustrate the use of mechanical circulatory support
4. Investigate LV AD patients (ECHO, Radiology: CT/imaging, etc.)
5. Discuss the role of mechanical circulatory support in heart failure management

**Target Audience:**

- Individuals who are familiar with LV AD and Heart Transplant
- Requires operating specific MCS devices
- Needs to confirm proficiency of operation of specific MCS devices

**Target Audience:**

- Patients with heart disease
- Physicians, nurses, and other healthcare professionals
- Individuals who are interested in learning more about heart failure management

**Conference Name:**

- This conference is supported by the American College of Cardiology (ACCP)
